

## Round & About With Eria 897-2006

Do not rejoice when your enemy falls, and do not let your heart be glad when he stumbles.  
Lest the Lord see it and be displeased, and He turn away His anger from him.  
Do not fret because of evildoers, or be envious of the wicked;  
For there will be no future for the evil man; The lamp of the wicked will be put out.  
My son, fear the Lord and the king: Do not associate with those who are given to change;  
For their calamity will rise suddenly, and who knows the ruin that comes from both of them?  
Proverbs 24:17-22

The speaker for Thursday night, February 11, 1993 will be Rev. A. R. Williams, pastor of Rocky Head MB Church, Elba. The speaker for Friday night, February 12, 1993 will be Dr. James A. Smith of Dothan, AL.

### Black History Month

February '93

The history of Black Americans is the history of all Americans. From the patriotism of Crispus Attucks, the first to die in the struggle for independence, to the artistry of Duke Ellington, the Nation celebrates the sacrifice and contributions of Black people in America.  
Throughout the entire Black experience is kept alive in museums, galleries, and cultural centers across the country.  
Chances are, the lessons of yesterday can teach us to make a better tomorrow.

### Black History Month Expo '93

Pool told commissioners in Monday's meeting that he expected a permit for a regional Subtitle D landfill to be issued to Coffee County this week. The application for the permit is presently being reviewed by the Alabama Department of Environmental Management (ADEM).

Reportedly, responses to comments and questions—technical in nature—heard in a November 24 hearing held in New Brockton by ADEM are now being mailed out.

He asked the commissioners if they wanted him to arrange a meeting with Mark Pugh to allow him to explain all the commission's options concerning the landfill.

Pugh is with the engineering firm that has been handling the landfill permitting process for Coffee County.

Pool suggested that mayors and city council members from the four municipalities with in the county be invited to attend the meeting.

There was a brief discussion as to when the meeting should take place and it was finally decided to have Pugh attend the next commission meeting on Monday, Feb. 22. Nothing further was said about inviting city officials to attend the briefing.

During the discussion, Commissioner Wendell Baker asked Pool,

by Jessica Hall

On January 15, 1993 Mrs. Mary Lois Wilson's 5th grade 4-H group met for the third time. The first thing we did was sing two songs led by our song leaders Anne Gene and Charueta Williams. Conny Cooper read the devotion. Then we said the Pledge of Allegiance and the 4-H Pledge led by Melissa Grantham. Andrea Seay called the roll and read the minutes. There was no meeting in December but Key Crafts were turned into the office and received our ribbons at our January meeting. In November we had a photography contest. We received our ribbons also at the January meeting. We got our activity sheets. We will be doing small engine and electric demonstrations February 8, 6:30 p.m. in the Community Room at the Farm Center Complex in New Brockton. The members will also be doing a sewing activity. We will make an apron and bring it to the next meeting. We will do a home video. The best three tapes will be aired March 1st in the Community Room of the Farm Center Complex. It will be after the wood working demonstration at 6:30 p.m. Wildlife Field Day will be held February 15, 1993 from 8:00 a.m.-4:00 p.m. at Camp Alaflo (Boy Scout Camp). The cost will be \$7.00 and everyone is asked to bring a picnic lunch. The program of the month was how to do a demonstration.

The Elba School Board will soon be approving a plan for an alternative school. This is to deal with problem students and hopefully prevent having to suspend them or refer them to the juvenile courts. This can be an excellent tool for education. It can be also help with the efforts to keep students in school and off the streets. A parent said to the school board several months ago something like, "I don't want to work the rest of my life to support those walking the streets without an education or a job." We hope the school administrators don't mess this up with nit-picking. In other words, it is possible a student with the original sin of chewing gum in class would wind up before a juvenile judge. This would only happen if the child was sent to the alternative school, got into trouble there (maybe with a real trouble maker) and ultimately went to court. Looking back, people would then curse the system "which brings him." It is our hope the schools will keep something like the after school detention presently used for minor infractions such as gum chewing, being late or not getting homework. Save the alternative school for our real rogues!

An Elba elementary school teacher was telling us this week of a plan they have to start giving extra support for what education calls "at risk students." This could be any child who might be a little behind in class work. They will start working after school with these youngsters, a couple each day, until they are back on track. We are excited about this and think it is one of the best ideas to come along in some time.

We heard part of a conversation where Pete Dorsey was trying to figure out a way to corner the zipper market. This sounds interesting and probably means something if we knew the whole story. Pete has already gone back to his boat business in Panama City Beach for the week. Maybe we can get "the rest of the story" this weekend.

We like the direction the local Chamber of Commerce is taking concerning Highway 84 work. They met Tuesday night with highway officials to discuss the matter and offer support on plans for 4-laning of the East-West route. This is the type thing a Chamber of Commerce can be very influential with. They can guide community thinking and inform highway officials of local feelings.

We have taken a lot of kidding on having the 1990 date on the front of the paper last week. Add that to the "teasing" of a leash law and we were in bad trouble. Both were seen after the paper was printed, but that was absolutely too late! The truth is this: Marvin got sick and went home Tuesday. This country boy was left to finish the front page and messed up. Not having done it in many, many months, we completely forgot to change the information in the head. Not a good excuse, but the truth.

We thought we were over the jokes about the date, but we are still catching flak. Carol Flowers came in talking very seriously Tuesday afternoon. As it turned out, he had surgery last week, woke up and one of the first things he did was reach for his Elba Clipper. Having gone to work in February, 1993, he was a bit confused to wake up in 1990! Anyway, Carol is already getting around on his own and someone needs to get him some work to get his mind off aggravating stumbling country boys.

The members of the Alabama legislature are thumping their chest and talking about the fast start they got with the budgets this session. Don't be fooled! They did get a great start, but things will bog down as usual. There will be a lot of debate over the budgets but the highest hurdle will be the restricting of the legislature itself. We are not holding out any hope this will be accomplished, that is without the intervention of the federal courts. That is the way it is usually done in Alabama.

some additional federal funds due to students who are considered "federally connected." This is students whose parents either work at some federal job, live in federal sponsored housing, etc. Pearce said the schools have identified 116 students who qualify. This will result in an additional \$5220 per year to the school's general fund.

The board reaffirmed their approval to a plan hiring a certified consultant for a state mandated evaluation of the superintendent. The cost for the two or three day project is \$100 per day plus travel expenses. In other business Pearce gave a review of what schools can expect from the current session of the Alabama legislature. This includes a pay raise for teachers and additional funding for special education.

Board members have held several discussions on the school lunchroom program. They have asked questions concerning the amount of money which should be in the bank account each month.

Pearce reported state guidelines limit the amount to three months operating balance. However he said Elba only needed to keep \$50,000 in the account. The board officially approved the \$50,000 operating balance to enable the lunchroom to have funds for paying bills promptly.

The superintendent also announced the Elba schools would be involved with the University of South Alabama in a federally funded project on utilizing technology in education. Pearce explained this was the "cutting edge of education" and said he was excited Elba was chosen to be involved.

The first meeting of the group will be held in the Elba schools, where the new computer network in the elementary school will be examined.

### Miss Harper Feted With Gourmet Gift Tea Saturday, January 30th

The afternoon sun was shining warmly on Saturday, January 30, 1993, as friends gathered at the home of Mr. and Mrs. Terry Spicer for a Gourmet Gift Tea. From the Victorian invitation bordered in romantic wild flowers entwined in a heart of love everything was designed especially for the honoree, Miss Tiffany Harper, popular bride elect of Mr. Steven Robert Blount.

The guests were greeted in the spacious foyer by Mrs. Spicer and presented to Miss Harper and her mother, Mrs. John Harper. Tiffany's floral ensemble adorned her petite silhouette and her face radiated happiness. Her corsage was silk flowers interspersed with golden "chore girl" scrubbing pads, gourmet spices, and party picks.

The dining room table was overlaid with a white cut-work and embroidered cloth. The centerpiece was a large crystal vase, the top of which held an arrangement of Japanese magnolias, camellias, ivy, and curly willow. The base of the vase contained a lilac Beta fish that swam playfully.

The guests were served coffee and champagne by Mrs. Kenneth Calhoun and Mrs. Charles Hayes, who along with Mrs. Spicer, were hostesses. Silver baskets and trays held a variety of delicious party foods, including fresh strawberries.

## You Are Needed

A woman in her mid sixties went to her physician with a complaint that life had lost its meaning, and wondered if something was wrong physically.

After a careful examination, and listening to the woman unburden her soul, the doctor who had known her for some time said, "Your problem is that you need to be needed."

The woman had everything she needed, but felt that nobody needed her. It is easy for us in a busy, crowded world to identify with that woman. Though we are surrounded by people, we sometimes feel as though we are no use to anyone.

The good news is that you are needed. If you will look beyond yourself you will find that all around you are people who need your help. By reaching out to them you will discover that you not only help them but at the same time, you are helping yourself.

I once knew a lady who each day made a point of calling on three elderly ladies who were shut-ins. Someone asked her why she spent so much of her time looking after these ladies; and this lady, who was nearing 80 years of age herself, replied, "Well, somebody's got to look out for those old folks." The truth of the matter was that in helping them, she was meeting her own need to be needed.

God needs each one of us with our own special talents. He can use you to spread His love, His joy, and His hope to a world that is hurting. Look beyond yourself, ask God to

### First Assembly Of God To Have Spiritual Awakening

The Elba First Assembly of God to have "Spiritual Awakening."

On Wednesday, Feb. 24 - Frank Harrison will be the guest speaker. Thursday, Feb. 26 - Eddie Trout; Friday, Feb. 26 - Mike Rippey. Services will begin at 7:00 p.m. There will be special music every night. Everyone is invited to attend.

The theme of these meetings is "Mobilizing...God's people into Christian service."

### NOTE OF THANKS

We want to express our sincere gratitude to everyone for every thoughtful and considerate service during the long confinement and death of our loved one, Jack M. Prescott. We deeply appreciate your visits, cards, calls, flowers, food, words of encouragement, and prayers during this time.

We especially treasure the many neighbors and friends, the Reverend Winston Jay, Charles P. Hayes, the doctors and nurses of Flowers Hospital staff for their care and concern for our loved one and their tremendous consideration for us.

In loving appreciation,  
The Family of Jack M. Prescott

### CARD OF THANKS

Perhaps you sent a lovely card, Or sat quietly in a chair, Perhaps you sent a floral piece, If so, we saw it and felt, Perhaps you remembered us in a prayer, Or spoke the kindest words, As any friend could say; Perhaps you were not there at all, Just thought of us that day. Whatever you did to console our hearts, We thank you so much whatever the part. May God bless you.

## Thousands To Gather For Vision 2,000

More than 2,500 persons from south Alabama and west Florida are expected to gather Feb. 20 at Frazier Memorial United Methodist Church in Montgomery, AL to take the next step in implementing VISION 2000 in the local church. This event begins at 9:45 a.m. with music followed by Mrs. Mary Ellen Bullard, chairperson of the conference Task Force and the Rev. Bill Calhoun, director of the Council on Ministries giving the welcome. Bishop William W. Morris, resident Bishop of the Alabama-West Florida Conference, will bring the message.

The focus on Feb. 20 will be eight workshops starting at 10:30 a.m. on the VISION 2000 evangelism models the churches have chosen to implement during 1993. The workshops to be offered are: Extending Your Congregation's Welcome, Faith Sharing, Reaching Out Through Sunday School (under 150 members), Mobilizing Volunteers for Ministry, Reaching Baby Boomers, Evangelism in the Small Membership Church, Stewardship, and Reaching Out Through the Sunday School (over 150 members).

Frazier Memorial UMC will feed the 2,500 participants in 20 minutes or less during the noon hour so maximum time can be spent in the workshops.

Mr. Emory Moore Celebrates 90th Birthday

Mr. Emory Moore of Rt. 4 Elba, celebrated his 90th birthday on Monday, February 8, 1993.

He is a native of Coffee County and has lived in the Shiloh Community since 1920 and has always been a good law abiding citizen.

Senior Citizens Of Cordelia Street Hold Weekly Meeting

Members of the Senior Citizens of Cordelia Street met for their weekly meeting at the HRDC building on Factory Street, February 4. Even though some members were still unable to attend, there was a good attendance. Various members walked to town and others played dominoes and visited.

New members were welcomed by the group. A business meeting was held and several items were taken care of. A delicious meal was served to the following: Myrl Burkett, Bonnie Tesley, Childa Allen, Annie Pearl Carpenter, her daughter, Katherine, and 2 grandchildren, Iris McDowell, Zeddy Bouyer, Betty Jean English, Frank and Lemmie McIloughly, Aylene English, Frances Shaboo, Tony Alcuri, Refina Grimes, Marion Brunson, Arthur Blackman, Ervin Blackman, M. Boling, and Wanda Sasser.

With gracious hearts,  
Hubert and JoAnn Hattaway  
Brandi Hattaway  
Suzanne Hattaway Parker

Dear family & friends,  
The family of Ricky D. Hattaway would like to extend to each one of you a most sincere "thank you" for your love and concern during the loss of our son, father and brother.

He was, and is a precious part of our lives, and he will always be special to us in our hearts. For every prayer, visit, food, card, or phone call, we thank you from the bottom of our hearts. It does not make the pain completely go away, but it does comfort our hearts and helps us to endure each passing day. We sincerely believe God will bless you for the kindness you have sent our way.

## Lady Rebels Begin A New Season

by Christie Eddins

The Zion Chapel "Lady Rebels" softball team plan a new and better season this year.

The team is coached by Mrs. Beverly Lipson. This is the second year that has been the coach of the girls softball team at Zion Chapel.

After such a tough season last year the team hopes that this will be a better one for everybody. "I'm very excited about this year because we have a lot of people who signed up for softball. I hope that everyone of them come out and help make this year (my last year) the best year yet for softball at ZC," said Kecia Griffin, senior.

With the large number of girls who have signed up there is a chance of possible tryouts to choose the team members. The tryouts will also determine the position that each player will play.

The girls will begin practice Monday, February 8, 1993, and will continue every day, except Friday, until the season starts. The first game is scheduled for March 25 when the "Lady Rebels" will host Pike County High School at Zion Chapel.

## Varsity Basketball

by Chris Hodge

**Zion Chapel vs. Arion**  
The Zion Chapel Varsity Rebels were at home Friday night to host the Arion Purple Cats. The game was close in the early going but Arion blew it wide open in the third quarter and went on to an easy 74-44 victory.

Arion came out the game by opening up a 13-9 lead at the end of the first quarter. The Purple Cats extended their lead to 29-24 at the end of the first half by outscoring Zion Chapel 16-15 in the second quarter.

The fourth quarter was more of the same as Arion kept up the intensity and outscored the Rebels 24-9 and closed out a 74-44 victory.

Joey Herbert led the Rebel offense with 16 points. Chris Hodge added 10 points, and Marcus Cole and Lomnie Simmons both added 7.

**Zion Chapel vs. Brantley**  
Joey Herbert led the scoring for the second game in a row when the Zion

## My Comic Book Collection

by Jeffrey Jones

I would like to tell you what I do in my spare time. I collect comic books. I began collecting when I was about 12 years old, but I got in a low money situation, and had to sell my collection. This shows that comics are a good investment.

Recently, I began to collect again and it is more fun now than it has ever been. Now there is a better variety of comics. There are holocom covers, 3-D comics, iridescent covers, comics with trading cards inside, and comics with fold-out posters inside. These are the things you need to know if you collect and these things are also factors in determining price increases.

When you plan to buy comic books it is best to buy them at a comic book store or flea market because when you buy in a supermarket the cover will have a bar code on it. This will decrease the price in some cases. Also make sure that the staples on the spine are in line with each other.

My favorite and most valuable comic book is the "Death of Superman". I have two copies. One is enclosed in a plastic cover and one is not. The comic in the plastic cover is more valuable because inside the bag is the comic posters, commemorative stamps, trading cards, and Superman's obituary. It is also valuable because it has never been opened and touched. This comic ranges in price from \$40 to \$400 depending on the location in the United States.

## Zion Chapel Faculty & Students Clean Up

by Sandy Jacobs

Several students and faculty members from Zion Chapel volunteered their time Saturday, January 30 to clean up the trash. The students and faculty met at the high school Saturday morning and picked up trash along Highway 87 in front of the school and on some of the side roads leading to Zion Chapel.

Mr. Robert Black, principal, originally proposed the clean up day. In addition to making the roads to Zion Chapel look better it is a way to promote pro-social activities between faculty and students that are being emphasized at Zion Chapel this year.

Approximately 25 people participated in the special clean up day. Mrs. Rachel Bryan, sponsor of Future Business Leaders of America (FBLA) and Mrs. Sonya Shaw, sponsor of Students Against Drunk Driving (SADD) helped to promote interest in the general clean up day.

Faculty members participating in the clean up of Highway 87 and the roads nearest to Zion Chapel High School were: Mrs. Jackie Jirigith, Mr. John McCrory, Mrs. Lori McCrory, Daphne Jirigith, Angie Jirigith, Morgan Hodge, and Mr. Robert Black. Mr. Black provided orange juice and doughnuts to keep everyone's energy and spirits at a high level.

After the clean up, Mrs. Rachel Bryan prepared a lasagna dinner for the members of FBLA who volunteered their time and effort to help clean up the mile. The others who cleaned up were also invited.

The members of FBLA who participated in the clean up were Sandy Jacobs, Tracey Jernigan, Chris Green, Denise Marler, Jessie Thomas, Beverly Flowers, and Gloria Sullivan.

## Lasseter Speaks To Youth For Christ

by Felicity Littlefield

The home of Britley Black was the site of the February Youth For Christ meeting.

Operating entertainment was provided by Jennifer Flowers and Randy Flowers, who sang two songs. Both Jennifer and Randy are members of the Youth For Christ band.

Chris Lasseter, a graduate of New Brookton High School, was the guest speaker. Chris read scriptures and gave his testimony about his past life and his reasons for becoming a Christian.

## Tiger Concert Band Prepares For District Contest

by Grant Coleman, Reporter

Many people probably think that the end of football season also means the end of band for another year. On the contrary, band members at EHS continue their work right on through the rest of the school year. Concert band practice is now in full swing as the high school band students prepare to compete at the district concert band competition in Troy later this month.

## ELBA HIGH SCHOOL

by Laura Hall

At 10 a.m. on February 3, 1993, Elba High School had a fire. Mr. Donald Lawford's room was the site of the fire. The senior high students were at break in the commons area. Most of them were enjoying eating their snacks and drinking their cokes as they gossiped about what had happened that morning. All of a sudden, the fire alarms sounded. The students in the commons area kept on eating and sitting at the tables thinking that someone, somewhere had set off the alarm. Mrs. Jeanne Vignola came into the commons area and told all the students to leave through the back door in single file. The students still thought that it was all a joke until Mrs. Vignola said that it was a drill, not a joke. The students in the commons area were the last students to evacuate the building. Everyone stayed outside for about 15 minutes. The Fire Department was called to come out the fire but thankfully was not needed because the fire was actually a piece of paper that had been left in a heat duct. This fire was really just smoke which left an awful smell in the halls and made our day more exciting.

Need It, Give It...FFA Blood Drive

by Lance McCollough

On February 17, 1993, the Elba High School FFA Chapter and the local chapter of the American Red Cross will hold its annual blood drive. Gift Scout Troop #300 will also be assisting in this blood drive. The drive will begin at 8:30 a.m. and end at 2:30 p.m. It is being held in the teaching gym at Elba High School. The teaching gym is a place to give blood to give. For more information about the blood drive, call Elba High School at 897-2266, ext. 34, ask for Mike Harrelson. Support your local Red Cross and give blood.

**Auburn Band Participants**

by Emily Strong

Grant Coleman and Joe Jacobs were chosen for the Second Annual Auburn Honor Band, which will be held February 19-21. In order to be eligible for the honor band, they had to send an application which included a list of all their musical accomplishments and a recommendation from their band director. Because of the set number for each section, only the best applicants were chosen for this honor band. A prepared piece of music and sight-reading are part of the requirements for chair tryouts, when they arrive on February 19. Based on the chair try-outs everyone will be divided into one of the three bands which include the Symphonic Band, the Orange Band, and the Elba Band. Friday and Saturday they will practice for the concert which will be held on Sunday, February 21, and is open to the public.

## Views From

## The Pressbox

By Ricky Mularz, Sports Editor

If I had a shotgun I think I'd shoot that groundhog that ordered six more weeks of this awful winter weather. Two weeks ago Melanie paid a visit to the emergency room with strep throat and then missed over a week of day-care, while late last week Melissa's fever shot up and she was sent home from school for a couple of days. Sunday afternoon I had to take Kathy to the emergency room and she too was ordered to stay in bed and take lots of medicine. I know the groundhog didn't make 'em get sick, but I've got to blame somebody, or something!

## ELBA TIGERS HAVE BUSY, BUT SUCCESSFUL WEEK

The Elba Tigers hit the basketball court four times in six days last week and won three of their four games to improve to 13-5 on the season. The busy schedule is hard on the players, coaches and fans, but when you are winning at least you're worth it.

In the win over Goshen, the Tigers started slow then came on strong to dump the Eagles on their own homecourt. The Tigers David Yelverton and Alex Magwood both scored 19 points to dominate the action inside, and the Elba defense was just too much for Goshen to handle.

The win over New Brockton was a total blowout from start to finish, as the Tigers bolted out to a 34-6 halftime lead, stretched their lead to 51-21 by the end of the third quarter and coasted in with the win. The first half was almost unbelievable as the Tigers caused numerous turnovers and simply refused to let New Brockton get on the scoreboard. Only the fact the Tigers had two more games during the week, and Coach Curtis Lane's sympathy kept the game from being a total disaster for the Gamecocks.

The biggest and best win of the week came down in Opp, where the Tigers avenged an earlier loss by knocking off the Opp Bobcats 61-55. The Tigers' David Yelverton was the "terminator" for the Tigers as he scored the first 12 points of the game, hit a three-pointer with four seconds left in the game to send it into overtime and then scored all eight of Elba's points in the overtime period. The lanky junior scored a season high 35 points in the win and was simply on fire! Another performance that won't be so easy to see in the books was the job the Tigers' Dion Belcher did on Opp ace Seth Richard. In the Christmas Tournament, Richard killed the Tigers from behind the three-point line, but Friday night the Bobcat sharpshooter failed to score, and rarely even got off a shot. The gameplan worked and the win was the result.

In Saturday night's loss to Enterprise, Elba fell behind early and could never quite catch up as the Wildcats defeated the Tigers for the second time in a week. The Tigers battled until the end and never quit against Enterprise, and despite losing, were probably a better club after the game.

The Tigers ended the week at 13-5, which is a pretty darn good record for a team that started three weeks late and didn't even start on a starting lineup until two weeks ago. Coach Lane has done a super job and the players have worked hard and long to get better, and better. It has already been a good season, and maybe the best is yet to come.

## ZION CHAPEL WIN HIGHLIGHTS BUSY WEEK OF ACTION

It was a busy week of action in the area and grabbing the spotlight were the Zion Chapel Rebels, which claimed their first win of the season. Here's a quick look back at the week that was....

**\*\*\*ZION CHAPEL** got its first win of the season and it was a sweet one as the Rebels dumped Straughn, on the Rebels' home court, Zion Chapel has improved by leaps and bounds in recent weeks and could have easily won several games, but when you haven't won a game in a while, sometimes the players doubt if they can win. Now that monkey is off their backs and the Rebels can have some fun.

**\*\*\*BRANTLEY** rolled to win #23 with a big win over SA Monroe County and the Bulldogs are chomping at the bits to start the post-season party. The Bulldogs haven't been nearly as successful in area tournaments in recent years as they have during the season. So, you know this bunch of 'Dogs are ready to prove to everyone just how good they are.

**\*\*\*NEW BROCKTON** got embarrassed by Elba, but bounced right back to dump Kinston and slipped back under the line. The Bulldogs have been looking better in recent games and have two of the county's best shots in Jeremy Carney and Roger Smith, but the season's end is in sight for the Bulldogs.

**\*\*\*KINSTON** got its record back to 500 with a win over Straughn, but then fell to New Brockton and slipped back under the line. The Bulldogs have been looking better in recent games and have two of the county's best shots in Jeremy Carney and Roger Smith, but the season's end is in sight for the Bulldogs.

## COACH DANNY WEEKS EARNING HIGH MARKS

Back when the basketball season was just getting started several of my expert friends told B team coach Danny Weeks that he'd be lucky to win a game. Well, he won four last week to up the team's record to 10-5 and it is easy to see that Coach Weeks has done nothing short of an outstanding job. Coach Weeks was a varsity coach at Samson many years ago and won a lot of games, but got turned out and shifted gears towards football. The job he has done this season with the Elba team has proven that he may be a good football coach, but he is also an excellent basketball coach.

## Elba dumps Goshen Eagles 66-52

The Elba Tigers pulled ahead late in the first quarter and never looked back last Monday night as they ripped the Goshen Eagles 66-52, in Goshen.

Elba's Alex Magwood looks inside during a recent Elba game. Magwood scored 19 points to help the Tigers to a big win over Goshen that started a three game winning streak for the Tigers.

## Elba Tigers rip New Brockton 56-41

The Elba Tigers made it look surprisingly easy last Tuesday night as they pounded the 9th ranked New Brockton Gamecocks 56-41, in Elba. The win improved the Tigers record to 12-4, while New Brockton fell to 13-7 with the loss.

Neither team could find its shooting touch in the opening stanza and after four minutes of play the Tigers held a slim 4-0 lead. Elba heated up late in the quarter behind the shooting of Alex Magwood and David Yelverton; however, the Gamecocks never did find the goal and after one quarter of action the Tigers were up big 18-4.

The Tigers continued to play a tight defense in the second stanza and almost completely shutdown the high-scoring Gamecocks as Elba went on a 16-2 run that gave the Tigers an astounding 34-6 lead at the half.

The win upped Elba's record to 11-4, while Goshen slipped to 5-13 with the loss. Goshen came out ready to defend their home court and surprised the

A jumper by David Yelverton increased the Elba lead to 22-16 with 5:49 left in the half and it looked like the Tigers were ready to take control; however, Goshen refused to quit and rallied to pull within 30-29 with 1:33 remaining in the half.

A Dion Belcher layup put the Tigers on top 34-29 late in the half, and a last second shot by Will Magwood enabled the Tigers to go in at the half with a 36-31 advantage.

Elba came out fired up in the third quarter and scored eight unanswered points to take a big 44-31 lead with 3:27 left in the quarter.

Goshen battled the Tigers on even terms for the remainder of the period and was within 52-40 with 5:49 left in the game, but Elba's David Yelverton scored two easy baskets after steals and with 5:15 still left the Tigers led up to 56-40.

Goshen made one final run and got as close as 56-48 with 4:01 left in the game, only to see the Tigers close out the game with a 10-4 run

that handed the Tigers the 66-52 win. David Yelverton and Alex Magwood both scored 19 points to lead Elba, while Ricky Lamar scored 17 for Goshen.

## ROUND & ABOUT WITH ERIA 897-2006

Do not boast about tomorrow, for you do not know what a day may bring forth.

Let another praise you, and not your own mouth; A stranger, and not your own lips.

A stone is heavy and the sand weighty, but the provocation of a fool is heavier than both of them.

Wrath is fierce and anger is a flood, but who can stand before jealousy?

Better is open rebuke than love that is concealed.

Faithful are the wounds of a friend, but deceitful are the kisses of an enemy.

A sated man loathes honey, but to a famished man any bitter thing is sweet.

Like a bird that wanders from her nest, so is a man who wanders from his home.

Proverbs 27:1-8

### Thinking of you, praying for you.

Underlying the seven principles is a root theme of celebrating and building family, community, and culture. The language of the tradition is Swahili, because it is nonethnic and spoken in many African countries. "We are pan-Africanists," says Karenga. "We don't choose one country, we choose the continent."

At the beginning of the Kwanzaa holiday, Maulana and Tiamoyo (his wife) lay a Mkeka (straw mat) on a low table. "The mat is the foundation," he says. "It represents our culture and history. As the ancestors would say, 'No matter how high a house is built, it must stand on something.'"

Next, the Kinara (candle holder) is put atop the Mkeka. The Kinara holds seven candles (or mishumaa saba), three green ones at right, three red ones at left, and a black candle in the center. The colors of green, red, and black are used throughout the celebration to represent three aspects of African culture. Black is for the people, red for the struggle, and green for the future and hope that comes from the struggle.

The next placement is of the Muhindi, the ears of corn to represent the children in the family. Maulana and Tiamoyo have no biological children, the put out two ears of corn to represent their love for and commitment to all African children. One ear represents the males, the other the females.

Because Kwanzaa is a harvest celebration the table is adorned with other fruit and vegetables called Mazao, or crops, to symbolize one's labor throughout the year - the family's success and accomplishments. The favorite aspect of the ceremony is the ingathering of the people, which the Umoja cup represents. The placement of the cup is special because it is a symbol of the unity of our people.

Next, a book is placed on the table (Kwanzaa) which symbolizes the importance of education and our people's continued commitment to education reaching back to classical African civilization in Egypt. Kwanzaa gifts must always include a book and a heritage song.

At each ceremony thanksgiving, reverence for the Creator and all creation is given.

## 1992 Weather Briefly Summarized

## Weather

Here is a brief summary of the 1992 weather. These are figures from the Geneva Weather Station. The high temperature was 95°. The low temperature was 21°. The average temperature was 64°. This is 1° below the normal average.

We had 68.49 inches of rain in 122 days, which is 9.33 inches above average. For the month of January, rainfall is running 26 percent higher than normal. January had a total of 5.66 inches of rain.

Peach growers are interested in the number of chilling hours. If peach trees do not receive enough chilling hours, they don't bloom as they should. Geneva Station shows that there have been 448 chilling hours as of January 19. Most of our peach varieties need 700 or more to perform their best.

Weather is relative. It affects us in different ways depending on our situation.

## Dwarf Plants

If you are hesitant about planting shrubs because you will have a lot of pruning to do later on, consider planting dwarf shrubs.

Many of the larger, "old standard" shrubs are available in "dwarf" models. Instead of glossy abelia which can get large and spindly, plant prostrate abelia. It is more compact, but just like its lank counterpart, it flowers much of the summer.

Nandina is another shrub that gets lanky. Many people think nandina is one of the ugliest plants around. It's true. It can be unattractive if you don't prune it often. Fortunately, there are many dwarf nandina varieties. Dwarf nandinas have a more rounded and compact growth habit than regular nandinas.

Dwarf Burford holly and dwarf holly are also excellent dwarf landscape plants. In the case of these dwarf plants, be aware that dwarf doesn't necessarily mean small. They can get big. For these plants, "dwarf" means the plant has a slower rate of growth.

## Prune Scuppernongs

If left unpruned, a bunch grape or muscadine vine (scuppernong) will produce a lot of greenery and little fruit.

To maintain balance between vegetative and fruiting growth, prune bunch grapes and muscadines each year when dormant.

January and February are ideal. Pruning later will cause excessive "bleeding" or sap, though this is not known to be harmful.

Prune each lateral shoot from the main arm back to two or three buds.

On muscadines, thin out bud clusters after a few years to prevent over production and small fruit.

## Grow Your Own Transplants

Now is the time to get started growing your own transplants. Growing your own transplants gives you a head start on vegetables and flowers. However, if you start transplants too early, it will result in transplants that are leggy or stunted.

Some vegetable transplants to grow include eggplant, tomatoes and peppers. Some flowers may be started

such as coleus, salvia, verbena, ageratum, marigolds, petunias and sweet alyssum. Herbs such as parsley, basil, chives, borage, summer savory and chervil may be grown as transplants.

Be sure to sow your seed in sterile potting soil so as to avoid disease problems. Transplants need ample light for growing strong plants. Place trays in a sunny window, greenhouse or cold frame.

Seeds may be planted in flats, pots or even egg cartons. Be sure you have drain holes present. Seedlings may need to be transplanted into peat pots or plastic foam cups with drain holes.

## McCormick Presented 1992 Businessman Of the Year Award

## Outstanding Businessman

Mr. Gibbs McCormick, Sr. of New Brockton was awarded the 1992 Coffee County Farm-City Week Businessman of the Year Award. He was born in Crenshaw County, Alabama on August 5, 1918. He served 4 years in the Civilian Conservation Corp (CCC). Today a veteran of the CCC is hard to find. In 1939 he joined the U. S. Navy. Following military service he worked for Boeing Aircraft, Seattle, Washington.

His first contact with the business that he now pursues was in 1947. He quickly learned the art of salesmanship and that success led to his sole ownership of Propane Gas & Appliance Company. The home office is still in New Brockton, Alabama. Today there are six branch locations and seven bulk sites with another site planned in Florida.

Mr. McCormick and his wife Mary Ellen have two children, Donna and Gibby. They have one granddaughter, Kiti, and three grandsons, Macky, Jody, and Wesley.

Mr. McCormick has been involved in numerous community and civic activities in the area. He is one of the oldest members of the New Brockton Exchange Club. He has held numerous offices over the years in the Alabama Propane Gas Association.

He has demonstrated excellence in his profession by being awarded the T. E. Gammage Safety Award, the highest recognition of the Gas Association. Because of his experience he has taught numerous service and safety schools in the state.

Congratulations to Mr. Gibbs McCormick for receiving this award.

## Farm Computers Meeting

Farm computers and computer programs will be discussed February 16 at 6:00 p.m. at the Coffee County Farm Center. Speakers will be Alan Miller, Auburn University Farm Management Specialist, Bob Helms, grower, and Randy Shields, grower. This is also a regular meeting of the Daleville-Enterprise Area Young Farmers.

## Flowers Are Traditional Gift For St. Valentine's Day

Roses For Your Valentine  
St. Valentine's Day is a traditional day for giving flowers to that special someone in your life. Roses have been associated with Valentine's Day for many years.

Roses come in a wide variety of colors including yellow, peach, pink, white, and, of course, red. Some people may associate the color of a rose with a meaning, such as red roses for love, pink to say "our love is perfect" and white to signify charm and innocence.

Here are some tips for buying roses and keeping them fresh. Purchase your roses from a reputable company. When you bring roses home, remove leaves from the part of the

stems that will be underneath the water in the vase. Fill a pan with warm water and cut 1/2 inch of the end of the stems off under water. Arrange the roses in a vase with warm water and flower food. Flower food is available at your florist. Change the water every three days to make your roses last longer. Fresh roses should last seven to ten days in your home if the temperature is cool.

## Why Fine Glassware Turns Cloudy

The cloudiness that sometimes appears on fine glassware after it is cleaned in the dishwasher is called etching. Good crystal, or soft lead crystal, tends to be more susceptible than everyday glassware.

Etching is the result of the action of hot water and detergent in the dishwasher. It tends to be more prevalent with soft water and is, unfortunately, permanent and irreversible. One of the best ways to avoid etching is to wash fine glassware by hand instead of in the dishwasher. If the dishwasher is used, the following precautions will minimize the possibility of etching.

Use a minimum of detergent, but not less than one tablespoon. Be sure the water temperature is not above 140° F. Under-load the dishwasher so everything is rinsed and drained thoroughly. Dry without heat. A rinsing agent or a detergent formulated for natural soft water may also help.

## Proposed Rule Set Pertaining To Peanut Disaster Transfers

The following proposed rule has been published in the Federal Register and would amend regulations with respect to the "disaster transfer" of segregation 2 and 3 peanuts from an additional loan pool to a quota loan pool. The new proposal would further limit the quota amount available for a disaster transfer by requiring that the amount of quota transferred to the farm by a fall transfer be deducted from the amount eligible for transfer. This reduction would be in addition to the requirements of deducting the total segregation 1 production and peanuts retained on the farm from the effective quota.

This change is needed to prevent the possibility of increased cost to the peanut program and related increases in the public debt. Except for offsets from any pool profits otherwise earned by the producer, "disaster transfers" result in a loss to CCC (Commodity Credit Corporation) of \$350 to \$550 per ton for each ton transferred.

Comments on this proposed rule must be received on or before February 10, 1993 in order to be assured of consideration. Send comments to the Director, Tobacco and Peanuts Division, Agricultural Stabilization and Conservation Service (ASCS), United States Department of Agriculture (USDA), P. O. Box 2415, Washington, DC 20013-2415.

Service is hard to get. Perhaps there aren't as many locations for service as we might like. However, if you take care of your appliance according to the manufacturer's prescribed methods, you may find that you will need very little service. Most reputable dealers will be happy to help you get service.

## Two Types Of Fat Substitutes

## Fat Substitutes

Presently there are two types of fat substitutes: calorie-free and calorie-reduced.

Calorie-free fat substitutes are not digested or absorbed and therefore don't add any fat, calories, or cholesterol to the diet. They are made to have the same or similar physical properties as fat and to replace some or all of the fat in foods. They can be used in cooking.

The second category is calorie-reduced fat substitutes made by substituting lower-calorie protein or carbohydrate for fat. Using common food technologies, common ingredients, such as skim milk, water, and/or a variety of carbohydrates, can give the textural properties of fat. Although they are digested and

absorbed, these fat replacements provide less than one-half the calories of the regular product.

## Portable Appliances

Did you get a portable appliance for Christmas? If so, it is your responsibility to give your new appliance the same or similar physical care as the best care possible. Reputable manufacturers prepare use-and-care manuals for specific appliances. After getting the appliance home, carefully read the operating instructions in the manual. Then follow them step by step. After mastering initial use procedures, reread the booklet and follow other tips offered by the manufacturer. You may discover a world of ideas.

Keep the instruction manual filed (with the instruction manuals from other appliances) in a place where you can easily find it and refer to it. Don't neglect to send in the warranty card provided by the manufacturer. If you don't send the card in and something goes wrong with your appliance, the manufacturer is under no obligation. If you have sent the card in and a guaranteed part fails, it will usually be a fairly simple matter to have it repaired.

## The Elba City Council honors the late Jack Prescott

by Ferrin Cox  
Publisher

The Elba City Council meeting Monday evening had been postponed for one week and the business meeting, attention piled up, causing the meeting to last over two hours.

Mayor Ricky Haywood presented an appreciation plaque for the late Jack Prescott to his widow, Mrs. Mozelle Prescott. The City and the Water and Electric Board had planned to bestow the honor on Mr. Prescott personally in January, but his failing health and later death prevented him from being present for the occasion.

Prescott was honored for his many years of service to the city as city clerk, council member and long time member and active supporter of the Water and Electric Board.

A discussion on disposing of the old Board of Education building and parts of the high school was postponed. Two prospects were on the agenda to make proposals for the empty facilities, but at the request of Mayor Haywood the matter was postponed.

Both parties were urged to meet with the mayor within the next week to discuss their proposals.

Garbage collection continues to rear its ugly head. Monday night Ken Hartselle, Regional Vice President of ISS, was present and addressed the council. He recapitulated the council the history of Elba's contracting out garbage collection.

"If this contract goes out for bids, you won't get it for what you are paying now," Hartselle told the council.

The City of Elba purchased two new trucks and two rebuilt garbage bodies last fall with intentions of getting the city back into the pickup of garbage.

Hartselle also told the council of his firm's extra efforts and expense during the clean-up following the 1990 flood.

He noted he has asked the city for a new contract beginning March 1st and at no increase in charges.

Hartselle addressed the possibility the city might reopen the bidding on the garbage contract and said, "If this contract goes out for bids, you won't get it for what you are paying now."

Later in the meeting, Council member Ronnie Jinnright addressed the council on the city picking up the garbage.

Jinnright felt one truck could pick up the municipal garbage. This would cut manpower and operating expenses. He said the city could save at least \$60,000 a year from the present cost.

Accountant Bill Carr presented the council with the annual audit report and a list of recommended management improvements.

According to Carr, Elba has assets totaling \$11,003,085 and liabilities of \$3,100,886. The official net worth of the city is \$7,902,199.

The city spent over three million dollars during the past year. This included a considerable amount of flood repair funds.

During the same period the Water and Electric Board took in \$3,779,295 from the sale of water, electricity and sewer services.

Carr recommended a policy on selling surplus equipment. He responded to council member Earl McCollough and explained the previous administration had sold eight used vehicles on September 30th in a private sale for \$3400.

A personnel policy dealing with vacation time, etc. was also recommended. Carr noted there was no written policy authorizing employees to be paid for leave time not taken. He cited a case he found of a salaried employee being paid two weeks extra pay, supposedly for untaken vacation.

The state bid law needs to be followed more carefully. Carr cited a case of a \$6,000 purchase being split into two \$3,000 purchases, apparently to keep the amount under the bid law.

Carr noted the library bank account had not been reconciled regularly.

A police department bank account was maintained in the department and not at city hall. Very little money goes through the account, according to Carr, but it is illegal.

Bank funds must be insured according to the law, Carr noted. He cited one incident when Elba's bank deposits exceeded the insurance assigned to guarantee the taxpayers funds.

Monthly bills totaling \$12,080.32 were approved for payment.

## Young boys killed in double homicide

by Marvin McLwain  
Editor

The Elba Police Department responded to a domestic complaint on Roosevelt Dr. located in Kennedy Estates in Elba at approximately 8:30 a.m. Tuesday morning.

Upon their arrival at the scene of the disturbance, the police officers discovered the bodies of two young boys in the residence at 820 Roosevelt Drive.

The youngsters were later identified as being Quentin Anderson Burney, age 2, and Kerwin Donnell Horstead, age 5. Both children appeared to have died of multiple gunshot wounds.

A short time later, at approximately 9:40 a.m., after the bodies were discovered, Willie Fred Burney, age 30, of Route 1, Jack, AL was taken into custody.

He was arrested approximately 100 yards behind his residence located in the Victoria Community in a wooded area. Burney was the father and step-father of the victims.

Police were able to apprehend the suspect in a short period of time due to an individual who recognized Burney as he was leaving the Elba area after the shooting. At the time the person observed Burney, he was not aware of the shooting. After learning of the incident, he alerted police officers as to what he had seen.

The individual who saw Burney informed law enforcement officials that Burney was traveling north at a high rate of speed on AL Highway 125 in the direction of his residence.

Murder scene on Roosevelt Drive

Elba police officers and Coffee County Sheriff's deputies converged on the Burney residence finding the car in which he had been seen on fire in front of the residence.

The officers conducted a search of the residence and outdoor buildings. They later found Burney hiding in the wooded area rear of the residence. He was taken into custody without incident.

According to Elba Police Chief Jack Parker, Burney will be formally charged with two offenses of capital murder.

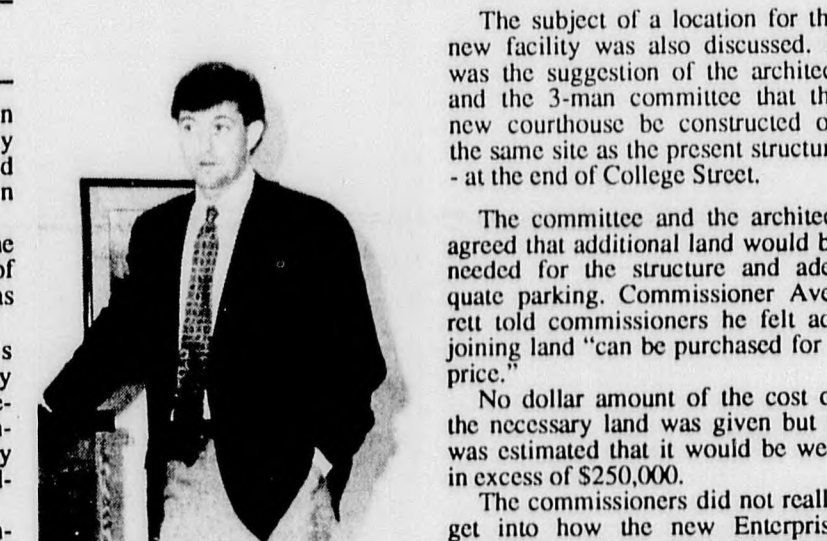

The Elba Police Department along with the Coffee County Sheriff's Department, the Alabama Department of Forensic Science and the 12th Judicial Circuit District Attorney's Office are investigating the murder.

## Commission hears courthouse proposal

by Marvin McLwain  
Editor

The Coffee County Commission met in special session Monday morning to discuss the proposed construction of a new courthouse in Enterprise.

Bill Wallace, an architect with the Montgomery architectural firm of Goodman, Mills & Cawood, was present at Monday's meeting.

Bill Wallace

He was there at the commission's three-member courthouse study committee (Commissioners Sid Avera, Bernest Brooks and Jack Hanson) request to present a preliminary estimation of what is presently needed.

Wallace went over, with the commissioners, a rough draft copy of preliminary plans for a new Enterprise Courthouse. The plans call for the construction of a "just over 35,000 square feet" facility.

He stressed to the commission that the plan presented did not allow for what could possibly be needed in 10-15 years from now, but there was allowance for some future expansion. It was his suggestion that the design of the facility be such that it could be easily expanded as future needs dictated.

When asked if his firm had been involved in the design and construction of any courthouses, Wallace replied in the affirmative.

The design of courthouses in Bullock, Talladega and Coosa counties were handled by the Montgomery architectural firm.

Asked about the construction costs of those facilities, Wallace's reply was that they fell in the range of \$80 to \$90 per square foot.

Commission members stressed the necessity of conferring with all department heads and the judiciary as to their space requirements before any final plans are drafted. All agreed that enough space but no wasted space was needed. Wallace concurred.

The subject of a location for the new facility was also discussed. It was the suggestion of the architect and the 3-man committee that the new courthouse be constructed on the same site as the present structure - at the end of College Street.

The committee and the architect agreed that additional land would be needed for the structure and adequate parking. Commissioner Avera told commissioners he felt adjoining land "can be purchased for a price."

No dollar amount of the cost of the necessary land was given but it was estimated that it would be well in excess of \$250,000.

The commissioners did not really get into how the new Enterprise courthouse will be funded in Monday's meeting. However, Brooks told commissioners he had been told, in a recent meeting with U. S. Senator Richard Shelby, that a possibility existed that federal "public works" funds might be available in the future for such a project.

Commissioner Brooks told commissioners the first priority of the committee was to come up with a plan of what was needed. Then the next step will be to come up with a "funding package" to be presented to local legislators for their assistance in obtaining the necessary funds.

## Schaefer sentenced to 25 years in prison

by Marvin McLwain  
Editor

Elba man found guilty of sexual abuse and sodomy was sentenced to 25 years in the state penitentiary on Wednesday, February 10, 1993.

Raymond Lewis Schaefer, 45, of Route 3, Elba, was found guilty by a Coffee County jury after a three-day trial that concluded on Thursday, January 14, 1993.

He had been arrested in December of 1991 on charges of first-degree sexual abuse and first-degree sodomy in connection with an incident involving a young boy under the age of 12 years.

In November of 1991, the complaint was filed after the boy's mother was told by a neighbor that her son had performed oral sex on the neighbor's son while visiting in their home.

When the young boy was questioned concerning his actions, he told his mother that Schaefer had done the same thing to him. He also told his mother that Schaefer had attempted to sodomize him.

Circuit Judge Gary L. McAllely sentenced Schaefer to serve 25 years on the sodomy conviction and 5 years on the charge of sexual abuse. The sentences are to run concurrent.

He further ordered Schaefer to pay restitution of \$4,494 in counseling fees for the incidents which involved the 12 year old boy.

Before the judge pronounced sentence, he heard testimony on Schaefer's behalf from several character witnesses. They testified that they found it hard to believe that he, Schaefer, had committed the crime of which he had been found guilty.

They stated that he had always conducted himself in a manner that lead them to believe he could never commit a crime of that nature.

Schaefer was taken into custody by sheriff's deputies immediately following the sentencing hearing and taken to the Coffee County jail in New Brockton.

He will remain there until transfer to a state penal institution can be arranged. Since the sentence was more than 20 years in length, he is not eligible for an appeal bond.

Schaefer's attorneys stated that they will file a motion for a new trial. Judge McAllely will hear that motion on March 17 at the Elba Courthouse.

## Elba W & E Board comes close to having a routine meeting

by Ferrin Cox  
Publisher

It was a "good meeting" of the Water and Electric Board almost to the end, if a person wants the meeting to handle only routine business matters.

However a recommendation from the annual audit report upset at least one member.

Board member Earl McCollough questioned auditor Bill Carr on his comments about a salaried employee being paid for vacation time when there is no written city policy on such action.

Carr had also indicated other employees reported the employee in question did take some days off which didn't show up on the vacation report. He said he had no way of

knowing if this was "comp time" (time off rather than extra pay for employees who work overtime) or what. He repeatedly stated he was

Board member Gladys Yelverton said, "it is time to stop looking back and get these recommended policies in place."

only recommending a written policy be maintained on such matters.

McCollough finally asked Carr a direct question of "Who was this employee?"

## Elba welcomes new doctor

The Elba Medical Group and Lance K. Dyess, M.D., recently welcomed Glenn A. Roberts, D.O., to the family medicine practice in Elba, AL.

Dr. Roberts, who began seeing patients in the Southeast Alabama Medical Center affiliate clinic in mid-January, received his medical degree from the West Virginia School of Osteopathic Medicine in Morgantown, W. VA in 1979.

He completed his internship at Doctors Hospital in Erie, PA and General Practitioners at West Allegheny Hospital in Pittsburgh in 1987. He became board-certified in family medicine in 1989.

A native of northern West Virginia and southwest Pennsylvania, Dr. Roberts earned a Masters of Arts in Education from Union College in Barbours Hill, KY and a Masters of Community Health Education from the University of West Virginia in Morgantown, W. VA. He also holds a PhD in Community Health.

The son of a general practitioner, Dr. Roberts said his desire to help people was learned from his father. "His desire became my desire," he said, adding it was also one of the reasons he moved his family and practice to the close-knit community of Elba.

He noted they are still in transition, but are enjoying their new community.

"The people are so nice and have been very gracious and helpful to our family," said Dr. Roberts. "It's the little things, like being able to walk to the grocery store, that make us feel comfortable here."

Dr. Roberts is a member of the American Osteopathic Association, the American College of General Practitioners and the Society of General Practitioners.
